Cameo says: *The crazy adventures of two hard drinking, fun loving, upper class British socialites trying to recapture their youth as hippies while also barely maintaining their businesses. Eddie is such a funny character & I can relate to her struggles w/ trying to lose weight & deal w/ the mundane while also wanting to have a good time. Her fashion sense is so insane but I can't help but to love how colorful it is even if it's often played up for laughs. Patsy is my favorite, she's such an over the top but fun character & she often has the best lines. Rounding out the craziness is Eddie's sensible daughter, Saffron who desperately wishes her mother would be more responsible & ends up playing more of the mother role herself most of the time w/ hilarious results.*
